MyCityMyBudget – Citizen engagement through workshops

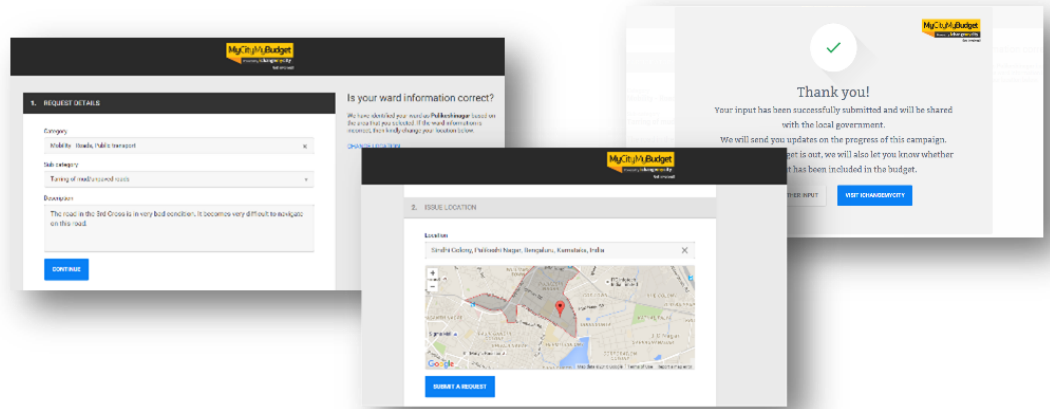

Workshops (Citizen interaction sessions) were conducted at various citizen associations across Bengaluru to gather inputs from the citizens about the civic issues affecting them in their locality that should be addressed in the municipal budget for the year 2016-17. The workshops were moderated by IChangeMyCity (Janaagraha) and held at the offices of the respective citizens associations.

The inputs from citizens were also collected online - on IChangeMyCity website (www.ichangemycity.com). The citizens were provided with an online form that enabled them to fill out inputs pertaining to their ward. They could also view the inputs shared by their neighbours in their ward and show support by VOTING UP on their inputs. Discussions about the civic issues to be considered also took place online on various social media sites.

The garbage will only be cleared once there is a mini mountain and the garbage is just dumped at the entrance of the road near bus stop. This also blocks entering to our road. The next problem is our road has not been asphalted for more than 25 years. Please see that the road is given a proper asphaltting.	Bruhat Bengaluru Mahanagara Palike	Srikantha

4687	Solid waste management	Maintain cleanliness of streets (sweeping, removal of debris)	Gopalan Residency, Kempapura Agrahara, Bengaluru, Karnataka 560023, India	Vijayanagar is doesn't face that many problems. Especially the area i live in. But, i would definitely want roads i walk on to be clean. Its always dirty and garbage is dumped there. We can never walk on road without closing our noses. We also have the Vrishabhavati river flowing and it stinks as people have thrown garbage there too. I don't think there is anything else that causes an issue here. I hope this gets resolved soon.
