MyCityMyBudget – Citizen engagement through workshops

Workshops (Citizen interaction sessions) were conducted at various citizen associations across Bengaluru to gather inputs from the citizens about the civic issues affecting them in their locality that should be addressed in the municipal budget for the year 2016-17. The workshops were moderated by IChangeMyCity (Janaagraha) and held at the offices of the respective citizens associations.

Discussion

The citizens at the workshop discuss about the civic issues that affects them in their locality

Submission of inputs

The citizens then shortlist and list down list of issues that should be included in the budget in the input form

Voting

In a voting session, all members of the association give their vote on the shortlisted issues that should be considered

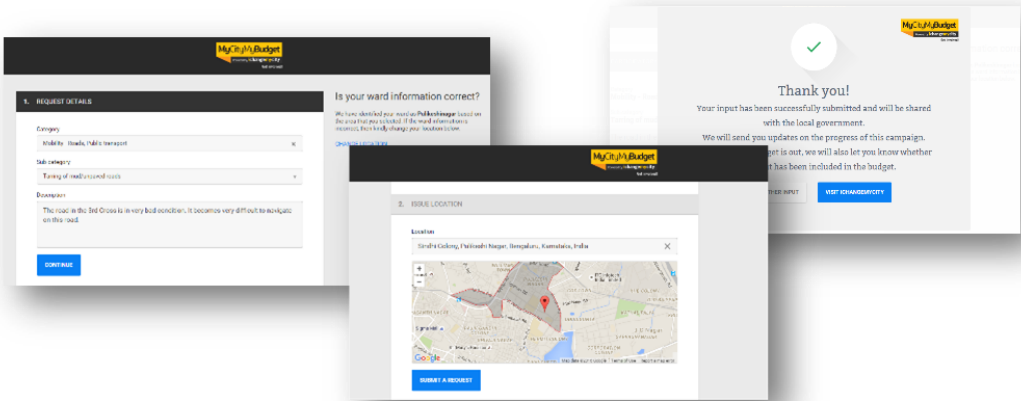

Prioritization

Based on the number of votes received, a final list is drawn which will contain the civic issues that needs to be addressed on priority

MyCityMyBudget – Citizen input collection on IChangeMyCity.com

The inputs from citizens were also collected online - on IChangeMyCity website (www.ichangemycity.com). The citizens were provided with an online form that enabled them to fill out inputs pertaining to their ward. They could also view the inputs shared by their neighbours in their ward and show support by VOTING UP on their inputs. Discussions about the civic issues to be considered also took place online on various social media sites.

1364	Public Utilities and services	Repair of government managed public markets	Srinivasa Nagar, Banashankari, Bengaluru, Karnataka, India	City market is not well maintained, it is with lot of wastage around the vegetable which are selling. Please make sure it should be done with at-least average standards.	Bruhat Bengaluru Mahanagara Palike	Jyothi Prakash Komarasetti
3622	Mobility - Roads, Public transport	Tarring of pothole-ridden roads	58, 50 Feet Rd, 1st Block, BSK 3rd Stage, Banashankari, Bengaluru, Karnataka 560085, India	Dear Sir/Madam, 1.Muddy road with muddy Humps. 2.Man holes projected above the road level which is accident prone. 1.In the month of October the drainage connectivity was repaired by cutting the road. This activity carried out in the whole Katriguppe area. After cutting the road the cutting area is filled with mud unevenly. Now there are more muddy humps. If one vehicle passed lot of dust is appearing. 2.After drainage repair the manholes are constructed above the road level, which is causing more accidents on the road. And the manholes are in the middle of the road.	Bruhat Bengaluru Mahanagara Palike	Mamata
