161	Mobility - Roads, Public transport	Construction of flyovers/ underpass	2nd Phase, J P Nagar, Bengaluru, Karnataka, India	Ragigudda it takes around 90-100 mins everyday except on Sunday or on Holidays. Please reduce the travel time or Provide alternate bus route to electronic city for people travelling towards electronic city. (Traffic density reached more than saturation at udupi garden, Silk board and Bommanahalli). 2) Excessive vehicle honking has become norm while waiting for signal to go green. Kindly discourage and control it. 3) Walk from Jayanagar flyover to Ragigudda has become impossible without giving money to Transgenders as they come in group and often attack us verbally if we intend not to give each and every time. I have also seen transgenders demanding money from people in vehicle struck in traffic. Please make travelling more safer. Provide transgenders alternative source of source which can also bring respect to their society. 4) Multiple 600 number buses come together (Observed minimum 3 buses arrive to ragigudda bus stand at 7.50, 8.50, 9.50 and so on). This can be better spaced which will also reduce the traffic	Bangalore Development Authority	Karthik Bs

Nagar, Bengaluru, Karnataka 560076, India	I have been asking for a better footpath at Dalmia signal for the past two years but no officials are least bothered to take any action. The footpath is always covered by motorists which makes it dangerous for the elderly people and kids to walk safely	Bruhat Bengaluru Mahanagara Palike	Poorna Chandra

3673	Mobility - Roads, Public transport	Installation of traffic lights	Marenahalli Flyover, Phase 3, J P Nagar, Bengaluru, Karnataka 560041, India	The present position of traffic lights below Jayadeva flyover (in fact whole of Bangalore) is wrong. The traffic lights should be installed at least 10 meters before the road junction and the zebra crossing should come next so that pedestrians can cross the road comfortably . With this the vehicles will be forced to stop much before the road junction and will not stop almost at the entry of junction. This is how the traffic lights are installed in western countries. 3675	Mobility - Roads, Public transport	Construction of skywalks	Marenahalli Flyover, Phase 3, J P Nagar, Bengaluru, Karnataka 560041, India	Presently it is impossible to cross 100feet Ring road between Jayadeva flyover and Silk Board during any time in the morning or evening due to bumper to bumper traffic. Virtually people have to wade through the ocean of vehicles to cross the road.	Bangalore Development Authority	Mysore Somashekar Sudhakar
3902	Mobility - Roads, Public transport	Tarring of pothole-ridden roads	1st A Cross Rd, Phase 2, J P Nagar, Bangalore, Karnataka, India	Sir, A month before the 2015 BBMP election, roads around 17th & 18th Main, 1st & 3rd cross were asphalted. Within a week, the newly laid layer peeled off like a wig and the road has become 'bald'. Its posing a serious problem for the users - walkers, vehicles, especially for 2W. Many times this has been brought to the notice of the concerned BBMP person, but no action has been taken.	Bruhat Bengaluru Mahanagara Palike	nsesha

4141	Mobility - Roads, Public transport	Tarring of pothole-ridden roads	1502, S End B Cross Rd, KSRTC Layout, 2nd Phase, J P Nagar, Bengaluru, Karnataka 560078, India	Sweeping of roads are not carried out regularly. Aged people are posted in my area with the result sweeping is done once 20 days. My request is transfer these workers who here from past 20 years, to a new area and bring in new people, let them have a change. There are some dark spots behind Bangalore Central, 9th block requiring lighting points. Solid waste is not removed thoroughly and also garbage is falling out of trucks while on the move. Roads also need to be asphalted. I suggest a visit to the areas would be better for appraisal in person in the presence of concerned officials.	Bruhat Bengaluru Mahanagara Palike	Jnthimmaiah

4593	Solid waste management	Maintain cleanliness of streets (sweeping, removal of debris)	plot no, 45/1 45th cross j p nagara, 2nd Phase, Bengaluru, Karnataka 560069, India	Hi Team, Recently we have shifted from Vijayanagar, Rpc layout to Jayanagar 9th block near Jain college, ward number 170. As i noticed, in Vijayanagar wastage collecting people use to come twice a day which includes sweeping the road one time..i.e., 8am and around 11am. But here in jayanagar, they wont come on a daily basis. By the time we come out of our house after their whistle with wastage itself they ll not be in the place, so fastly they ll move from that place. Sweeper ll come but she ll clean only where she drinks the tea daily and go. She ll not clean the entire street.	Bruhat Bengaluru Mahanagara Palike	Kanchana Km
