Associations participated in the workshop

JPNCCA-J P Nagar citizen and cultural association

MyCityMyBudget – Citizen engagement through workshops

Workshops (Citizen interaction sessions) were conducted at various citizen associations across Bengaluru to gather inputs from the citizens about the civic issues affecting them in their locality that should be addressed in the municipal budget for the year 2016-17. The workshops were moderated by IChangeMyCity (Janaagraha) and held at the offices of the respective citizens associations.

Discussion

The citizens at the workshop discuss about the civic issues that affects them in their locality

Submission of inputs

The citizens then shortlist and list down list of issues that should be included in the budget in the input form

Voting

In a voting session, all members of the association give their vote on the shortlisted issues that should be considered

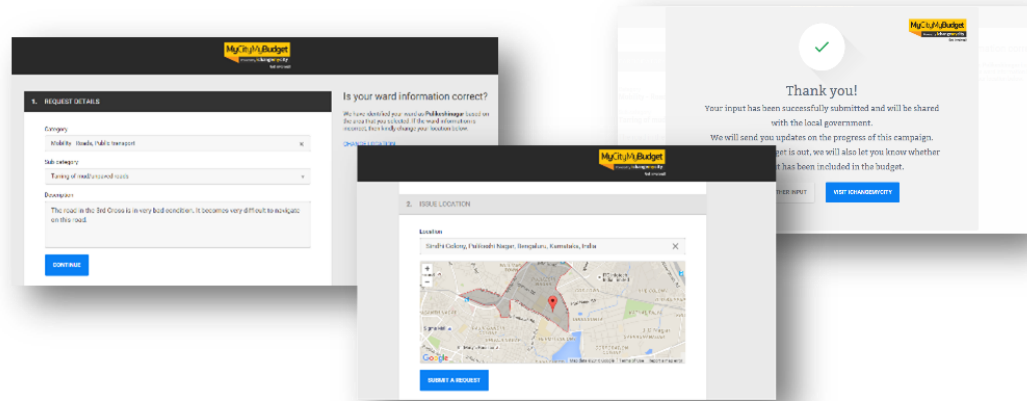

Prioritization

Based on the number of votes received, a final list is drawn which will contain the civic issues that needs to be addressed on priority

MyCityMyBudget – Citizen input collection on IChangeMyCity.com

The inputs from citizens were also collected online - on IChangeMyCity website (www.ichangemycity.com). The citizens were provided with an online form that enabled them to fill out inputs pertaining to their ward. They could also view the inputs shared by their neighbours in their ward and show support by VOTING UP on their inputs. Discussions about the civic issues to be considered also took place online on various social media sites.

| 4363 | Solid waste management | Require regular Door to door garbage collection | J P Nagar, Bengaluru, Karnataka 560078, India | <p>I appreciate the Door-to-door garbage collection. But the negative point here I see is that the garbage is a mixture of degradable and recyclable waste. If people take up an effort to separate the waste into two categories that is one will be those which is degradable (food waste) and the second category would be the recyclable (plastic, paper etc).</p> <p>This way it will be more easy to maintain the garbage in the right way possible. I guess you should take this up as rule.</p> | Bruhat Bengaluru Mahanagara Palike | ann |
| 4598 | Solid waste management | Maintain cleanliness of streets (sweeping, removal of debris) | JP Nagar | <p>There are few pockets on Sarakki main road that are being used by residents and shopkeepers to dump waste. BBMP engineers need to educate residents and shopkeepers to keep the road clean. Not dump their waste on the road. This causes inconvenience to people walking on the road and also hampers the movement of people to their shops.</p> | Bruhat Bengaluru Mahanagara Palike | Prashanth |
| 5620 | Solid waste management | Maintain cleanliness of streets (sweeping, removal of debris) | 700, Outer Ring Rd, 2nd Phase, J P Nagar, Bengaluru, Karnataka 560041, India | <p>Place enough dustbins in commercial areas. And enforce strict rules to use dustbins.</p> | Bruhat Bengaluru Mahanagara Palike | thinksachin |
| 5621 | Solid waste management | Maintain cleanliness of streets (sweeping, removal of debris) | 5, 24th Main Rd, Jeewan Sathi Colony, 1st Phase, J P Nagar, Bengaluru, Karnataka 560078, India | <p>Huge dustbins at all garbage collection points. It is practically impossible for everyone to give garbage everyday morning to the garbage collectors. This makes people to put the trash at garbage collection point which is unguarded. The dogs & crows then tear the litter and throws everywhere on the road making the place dirty and smelly</p> | Bruhat Bengaluru Mahanagara Palike | thinksachin |
| 5622 | Mobility - Roads, Public transport | Lane marking and Road signages | 917, 9th Cross Road, 2nd Phase, J P Nagar, Bengaluru, Karnataka 560011, India | <p>Many roads does not have lanes and marking. It will organize the traffic if there are proper markings & signs.</p> | Bruhat Bengaluru Mahanagara Palike | thinksachin |

This junction gets very crowded during peak hours.</p> | Bangalore Development Authority | thinksachin |

| 6375 | Safety and Crime | Introduce neighbourhood policing | J P Nagar, Bengaluru, Karnataka, India | I am staying in 2 cross,7 main,ksrtc layout 2 phase JP nagar. Many youngsters stand on the roads in group,talking loudly,drinking at times,making decent peoples movement on the road unsafe. Some park school vans(bus),sit in it & cause nuisance by shouting & drinking in the school bus. | 7152 | Mobility - Roads, Public transport | Repair of existing footpaths | 894, 22nd Main Rd, 2nd Phase, J P Nagar, Bengaluru, Karnataka 560041, India | pathetic condition. Abuse by vehicles indiscriminately driving or parking on them and repeated digging followed by no repair by BBMP and other authorities have rendered them in deplorable shape in most instances. Roads have recently been asphalted in the area, but the footpaths, almost a lifeline for hapless pedestrians considering the dense and often recklessly driven traffic, have been completely neglected . Shops and commercial establishments in the area like Reliance, Damro Furniture, Bata show room and Brewesky Bar, Vinayaka Coffee Moments restaurant have illegally flattened road curbs and constructed cement ramps on the foot paths to permit vehicles to drive up and park on them. This is nothing short of a travesty of the basic rights of pedestrians and is completely illegal for which BBMP must be held accountable. Footpaths need to be done up for safe commuting by pedestrians and road curbs need to be reinstated and raised appropriately in places where they have been flattened by the big shops in the area. Shops must | Bruhat Bengaluru Mahanagara Palike | Ravi Burli |
