214	Mobility - Roads, Public transport	Tarring of mud/unpaved roads	471, Carmelaram Rd, Carmelaram, Janatha Colony, Doddakannelli, Bengaluru, Karnataka 560035, India	It has become highly critical for immediate tarring of mud road within our layout (Harmony Ville) which is just behind the Sapthagiri school. The layout is at least 60-70% occupied after so many residences were built in the last 2 years and now contains residents of all age. Residents have been experiencing extreme difficulty to walk or motor through the slurried mud roads leading to and within the layout. 2 wheelers have already had falls in the slippery roads and suffered minor injuries. Taxis refuse to drop until door step as they are afraid the wheel gets buried in the mud. Sometimes the tractors refuse to deliver water citing the unmotorable roads. It is high time our layout received tar roads.	Bruhat Bengaluru Mahanagara Palike	Sai

All water bodies should be kept clean and depth should be increased to hold more water. Only rain water and treated sewage should enter lakes.
