## MyCityMyBudget – Citizen engagement through workshops

Workshops (Citizen interaction sessions) were conducted at various citizen associations across Bengaluru to gather inputs from the citizens about the civic issues affecting them in their locality that should be addressed in the municipal budget for the year 2016-17. The workshops were moderated by IChangeMyCity (Janaagraha) and held at the offices of the respective citizens associations.

### Discussion

The citizens at the workshop discuss about the civic issues that affects them in their locality

### Submission of inputs

The citizens then shortlist and list down list of issues that should be included in the budget in the input form

### Voting

In a voting session, all members of the association give their vote on the shortlisted issues that should be considered

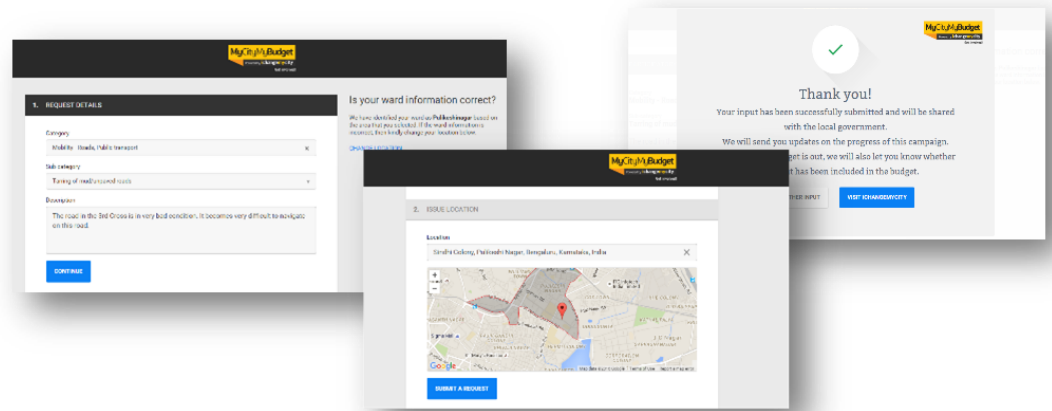

### Prioritization

Based on the number of votes received, a final list is drawn which will contain the civic issues that needs to be addressed on priority

## MyCityMyBudget – Citizen input collection on IChangeMyCity.com

The inputs from citizens were also collected online - on IChangeMyCity website ([www.ichangemycity.com](http://www.ichangemycity.com)). The citizens were provided with an online form that enabled them to fill out inputs pertaining to their ward. They could also view the inputs shared by their neighbours in their ward and show support by VOTING UP on their inputs. Discussions about the civic issues to be considered also took place online on various social media sites.

4265	Sanitation	Construction of sewage lines	Purva Riviera Driveway, Lakshminarayana Pura, AECS Layout, Marathahalli, Bengaluru, Karnataka 560037, India	The BWSSB recently dug up the road but did not bother to repair it. Now we are unable to also get connections to the sewage as BWSSB is not allowing till water connection is there! Now the newly laid sewage lines will get filled up with debris for not being used. We are told that all residents need to collectively apply for the water connection to the layout. Meanwhile, the road condition after digging up the old roads, are in poor condition making it very difficult for the residents. The budget for road and drainage has been sanctioned but the authorities are expecting bribe to get the job completed. Businesses are paying taxes for last 15 years but till date the road has never been tarred. Some owners have used personal funds to do the road, drains and footpath as it affects their business. Illegal water tankers operate to make the condition worse and threaten residents if they protest.	Bangalore Water Supply and Sewerage Board	Arunava Sarker

4373	Mobility - Roads, Public transport	Tarring of pothole-ridden roads	Outer Ring Road-Whitefield Rd Bypass Rd, Ferns City, Dodda Nekkundi Extension, Kartik Nagar, Bengaluru, Karnataka 560048, India	Hi BBMP, We the residents of Doddanekundi extn area are in dire need of a proper road as the original road connecting whitefield to Doddanekundi is all dug up. There remains no road at all in some places. Please consider spending some effort and budget for this.	Bruhat Bengaluru Mahanagara Palike	Samiran bhowmik
4457	Mobility - Roads, Public transport	Tarring of pothole-ridden roads	Doddanekundi, Bengaluru, Karnataka, India	Roads are badly in need of tarring. Road from rama temple to lake is having huge craters and lot of school buses are plying on the same road with so much difficulty.	Bruhat Bengaluru Mahanagara Palike	Bhanu prakash
4503	Electricity & Power	Ensure efficient and uninterrupted power supply	113, Pragathi Layout, Doddanekundi, Kartik Nagar, Bengaluru, Karnataka 560037, India	The power cuts are very untimely and unruly. Most of the day there is no power at all. People unlike me who live in apartments are fortunate enough to have the generator supply advantage, but those who do not this severe power cuts become very difficult. Sometimes it takes so long for the power to come back that even apartments have to switch their generator supplies, causing difficulty.  I would want the concerned organization to look into this matter and find a solution.	Bangalore Electricity Supply Company	Paroma Bhattacharyya

5092	Water Supply	Regular supply of water	Chinnapanna Halli, Bengaluru, Karnataka 560037, India	<p>Its been a routine now, that I have to post a complaint every week for a supply of cauvery water. Expect 1st , 2nd , 3rd &amp; 4th cross of Doddanakundi Extension, Chinnapanahalli all other cross gets water weekly once with out any fail on time. Tried reaching couple of officials as usual no response. Tried reaching the line man who just gives false promises but never fulfills. But I Appreciate BWSSB to come on time for meter reading and providing water bill for not supplying water.</p> <p>We also got some info that, lineman is tied-up with local water supply tankers, so that we are pressured to use tankers for our daily needs. Also he is providing cauvery water for flats/apartments on regular basis for some commissions.</p> <p>Finally it is effecting people like us who are independent houses, paying yearly tax on time, pay water bill without water and depending on water tankers mafia but dont get any benefits from this area officials and corporators and ward counselors. These guys are seen only at election times.</p>	Bangalore Water Supply and Sewerage Board	Antony
