Ellukunte ITI Layout RWA

MyCityMyBudget – Citizen engagement through workshops

Workshops (Citizen interaction sessions) were conducted at various citizen associations across Bengaluru to gather inputs from the citizens about the civic issues affecting them in their locality that should be addressed in the municipal budget for the year 2016-17. The workshops were moderated by IChangeMyCity (Janaagraha) and held at the offices of the respective citizens associations.

Discussion

The citizens at the workshop discuss about the civic issues that affects them in their locality

Submission of inputs

The citizens then shortlist and list down list of issues that should be included in the budget in the input form

Voting

In a voting session, all members of the association give their vote on the shortlisted issues that should be considered

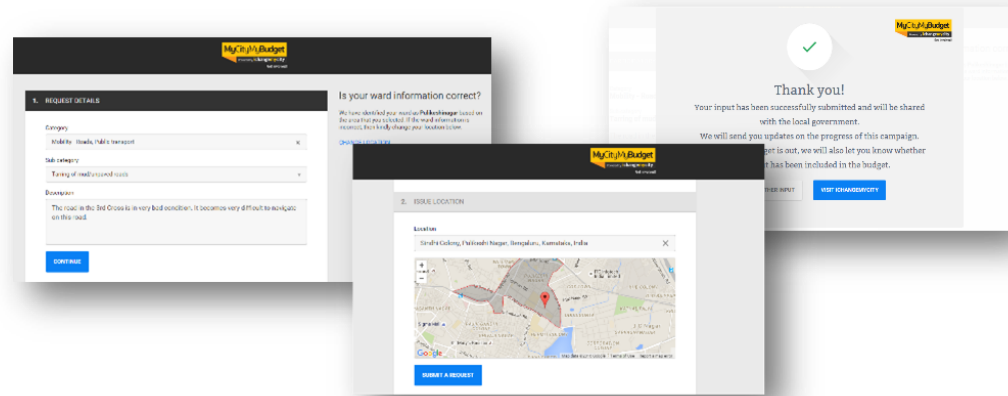

Prioritization

Based on the number of votes received, a final list is drawn which will contain the civic issues that needs to be addressed on priority

MyCityMyBudget – Citizen input collection on IChangeMyCity.com

The inputs from citizens were also collected online - on IChangeMyCity website (www.ichangemycity.com). The citizens were provided with an online form that enabled them to fill out inputs pertaining to their ward. They could also view the inputs shared by their neighbours in their ward and show support by VOTING UP on their inputs. Discussions about the civic issues to be considered also took place online on various social media sites.

| 1177 | Public Utilities and services | Construction of public toilets | 17, Puttenahalli, Phase 7, J P Nagar, Bengaluru, Karnataka 560078, India | There are no public toilets around JP Nagar 7th phase. This leads to people pissing on compound walls and in empty sites which leads to un-utilized spaces which inevitably become garbage dumping grounds. Although the BBMP has a highly dedicated team of hard working pourakarmikas, such un-utilized spaces where people keep constantly dirtying, will always attract garbage. So, i recommend 1. Build public toilets 2. Place dustbins | Bruhat Bengaluru Mahanagara Palike | Raghu |

| 4977 | Mobility - Roads, Public transport | Tarring of pothole-ridden roads | Puttenahalli, Phase 7, J P Nagar, Bengaluru, Karnataka, India | Puttenahalli requires lot of improvement.Roads need to be tarred and road humps needs to be marked with flourescent for night visibility.Roads include internal roads also. Garbage piled up here and there.It is cleared after sometime but this dumping place can be covered say, a cement container can be kept in such places where seggregation happens.Also a board can be put in such places (around the lake) where people just throw the garbage. Street lights on internal roads are a necessity.Posts are present but bulbs are fused.Display no. for contact. Public toilets in this area is a necessity as pavements are now used as toilets. Lake protection is an absolute necessity. The fence put after a recent survey has been broken down and the path is used as a road.With this the people has started throwing the garbage in this place. | Bruhat Bengaluru Mahanagara Palike | Sarojini Raghavan |

| 4397 | Solid waste management | Require regular Door to door garbage collection | j 560078, 16, Jaraganhalli, JP Nagar Phase 6, Bengaluru, Karnataka 560078, India | The location adjacent to HDFC Atm on the Kanakapura main road near HM Tambourine Apartment is dumped with garbage from the adjacent streets. Awareness needs to be created or door to door collection needs to be initiated. The garbage creates unbearable stench, cows wandering in the area creating traffic hurdles and mosquito menace. | Bruhat Bengaluru Mahanagara Palike | Dr.S.Manoharan |
| 4404 | Safety and Crime | Introduce neighbourhood policing | j 560078, 16, Jaraganhalli, JP Nagar Phase 6, Bengaluru, Karnataka 560078, India | From the Jarganahalli Arch and nearby areas people nowadays do the wrong side driving creating a lot of safety issues for the people who either are walking or awaiting buses or rickshaws on the road. Hence police patrolling at least during peak hours would help. Also near the Sarakki signal (renamed as Jaraganahalli circle) we notice numerous people resorting to footpath riding creating enormous danger to the pedestrians, kindly do the needful for the safety of pedestrians. | Bangalore City Police | Dr.S.Manoharan |

| 759 | Solid waste management | Maintain cleanliness of streets (sweeping, removal of debris) | Garden Layout, Sector 2, HSR Layout, Bengaluru, Karnataka, India | There is a new dump just off 24th Main Road in Parangipalya, HSR Sector 2, where pigs are feeding. Lot of cafes and restaurants around. Unhygienic to say the least! Also, garbage is not collected from houses everyday in Garden Layout. Why? | Bruhat Bengaluru Mahanagara Palike | Lavipalan |
| 821 | Solid waste management | Maintain cleanliness of streets (sweeping, removal of debris) | 731, 11th B Cross Rd, Sector 1, HSR Layout, Bengaluru, Karnataka 560102, India | The vacant sites (on 26th Main, 11-B Cross) have become a dumping ground and have become breeding ground for diseases. The streets are also messy around the vacant sites as the pourakarmikas do not sweep them. In fact, they bring garbage from another place and dump them in the vacant sites. The vacant sites needs to be cleaned. Perhaps these cleaning charges can be levied on to their owners. | Bruhat Bengaluru Mahanagara Palike | SatishBoda |

| 3608 | Mobility - Roads, Public transport | Construction of new footpaths | 39/14, Sarjapur Main Rd, Iblur Village, Bellandur, Bengaluru, Karnataka 560103, India | <p>From iblur signal to agra side beside the iblur flyover, there is practically no footpath, which leave the pedestrains to walk on the main road or jump over the halp covered drain beside road, which is too dangerous at night. Please do something to make that area walkable. Think about the aged people walking there and due to lack of light and low sightedness, they might fall inside those gaps., Also the same service lane which passes beside agara flyover to 27th main, is pathetic. Revamp that area an give that a life so that people getting down at the beginning of the agara flyover should get some space to walk down to 27th main.</p> <p>Thanks, Uma Shankar</p> | Bruhat Bengaluru Mahanagara Palike | Uma Shankar Prasad |
| 3630 | Mobility - Roads, Public transport | Introduction of new bus routes | NR Complex, 24th Main Rd, Parangi Palaya, Sector 2, HSR Layout, Bengaluru, Karnataka 560102, India | Buses starting from Parangipalya goes towards Madiwala - Majestic. | 4027 | Mobility - Roads, Public transport | Tarring of pothole-ridden roads | 1188, 22nd Cross Rd, Sector 3, HSR Layout, Bengaluru, Karnataka 560102, India | <p>Road cutting is rampant in HSR with construction happening through out the year on all the mains & crosses. After completion of the building (commercial or residence), owners dig up the road to get the water & electricity connection from the other side. BBMP collects the money for road cutting but does not tar the dug up part for months together. Owners do some temporary patch up which gets washed away in rain. The traffic on the roads is increasing and these dug ups at every 50 ft interval slows down the traffic, kicks up the dust & increases the pollution. Hence, either BBMP has to tar the dug up part within 3 days for having collected the road cutting fees or collect minimum fees and ask owners to cement the dug up part permanently</p> | Bruhat Bengaluru Mahanagara Palike | Karunaprasad Kanavi |

| 4076 | Sanitation | Repair of broken storm water drains | 1188, 22nd Cross Rd, Sector 3, HSR Layout, Bengaluru, Karnataka 560102, India | Storm water drains are present for only the name sake. They have become dumpyard for the garbage. There three categories of people who clog the drains - 1) Owners/Builders do not remove the debris/sand/mud/concrete from the drains around the building after completion of the construction. 2) Migrant workers/labourers & tenants shifting their house dump all their old stuff in the storm water drains before moving out of the locality..3) People regularly throw their garbage bags into the storm water drains. During heavy rains, these drains either overflow on the road or carry all the filth thrown in the drain to nearby Agara lake.. Hence regular check up & cleaning of storm water drain is required and put heavy fine for the offenders.. | Bangalore Water Supply and Sewerage Board | Karunaprasad Kanavi |

| 5293 | Mobility - Roads, Public transport | Construction of skywalks | 52/2, Begur Main Rd, Bommanahalli, Bengaluru, Karnataka 560068, India | The Bommanahalli Stretch is one of the busiest stretches of road. With vehicles coming from all possible directions, it would be of great help to the pedestrians if a skywalk could come up at the Bommanahalli Junction. The subways are used very poorly as they are inconveniently located away from the junction. | Bangalore Development Authority | Nitish |

| 229 | Electricity & Power | Ensure efficient and uninterrupted power supply | 10, Gangaparameshwari Nagar, Kodichikkanahalli, DUO Layout, Bommanahalli, Bengaluru, Karnataka 560076, India | I have been staying in Duo Enclave Layout, which is next to Vijaya Bank Layout. From last one and half year, i am surprised to find that there is hardly a single day when there is no power cut in the morning. Every day morning, there is a power cut at about 7AM and restores back at 10AM. This is the time we get ready for office and due to power cut, we cant heat water for bath, cant iron clothes, cant prepare breakfast, no power hence no water... when will this resolve... till today i find that there is unauthorised power cut every morning for 2 hours or so. Isnt it high time for BESCOM authorities to understand that to pay their electricity bills, we have to go to office, earn money. | Bangalore Electricity Supply Company | Amitabha Chatterjee |

| 269 | Mobility - Roads, Public transport | Tarring of mud/unpaved roads | Ranka Colony Rd, Munivenkatppa Layout, Bilekahalli, Bengaluru, Karnataka 560076, India | There is a need for a tarred road in my locality. It is the Ranka Colony Storm drain that connects to BTM II stage. Also there is a lot of dust pollution on the Ranka Colony road. Either the road needs to be Tarred or something done with the dust situation. It is virtually impossible to get out in the evening. | Bruhat Bengaluru Mahanagara Palike | Lawandesalil |
| 499 | Solid waste management | Require regular Door to door garbage collection | 3rd Main Rd, Dollar Layout, Stage 2, BTM 2nd Stage, Bengaluru, Karnataka 560076, India | The entire colony of Dollar Layout neither has any garbage collection centre nor any door to door garbage collection is being done. There is a huge spreaded pile of garbage at the back of my house from the last 2 months which has not been collected or it is dumped by people of the colony or by the very few garbage collectors as it seems. | Bruhat Bengaluru Mahanagara Palike | Sahil Srivastava |
| 563 | Mobility - Roads, Public transport | Tarring of mud/unpaved roads | Ranka Colony Rd, EWS Colony, Munivenkatppa Layout, Bilekahalli, Bengaluru, Karnataka 560076, India | A lot of new apartments have sprung up on Ranka Colony Road. However, the state of the in-roads connecting this road to BTM layout (2nd stage) is deplorable. The rainy season made the area extremely slushy and the sewage from the Madivala lake area made it on to the roads. The death of a minor is also known to have taken place here as she was washed away from the mud road into the sewage. | 4312 | Mobility - Roads, Public transport | Construction of flyovers/ underpass | 29th Main Rd, EWS Colony, Stage 2, BTM 2nd Stage, Bengaluru, Karnataka 560076, India | AS of now the road from Jayadeva circle to Silk board is the only main road connecting or catering to the entire traffic and always there is traffic jam in the peak hours. I feel similar to what they did in Mumbai by building Worli- Banra sea link, a similar kind of fly over/link road should be build connecting BG road and Hosur Road , having a long flyover over madivala lake. Once this is constructed and traffic is diverted, if a underpass in constructed at silk board, it will completely ease out the traffic. | Bangalore Development Authority | Velu |

Neither they provide proper footpaths. the status of the same next to my house in the main road is in pathetic condition. with several complaints, the BBMP is not bothered to attend to the issue and solve it properly. I see the storm water drain is water logged now and is a HUGE health hazard. with the growing dengue cases in Bangalore, I fear for the same to live in this condition. Can concerned authorities take necessary action? I already have 2 open complaints on the same which is not addressed for over 6 months now and the place is becoming pathetic day by day. | Bangalore Water Supply and Sewerage Board | RaviKumarBR |

| 874 | Mobility - Roads, Public transport | Tarring of pothole-ridden roads | 456, Arekere, Arekere MICO Layout 2nd stage, Omkar Nagar, Arakere, Bengaluru, Karnataka 560076, India | The main link road from L&T South city to MS Ramiaha city is riddled with potholes and dangerous excavations. There is a school (Aradhana convent) and several residential layouts and apartment complexes. Being the main link road there is intense school bus traffic on the road and an accident is just waiting to happen. Already the road is quite narrow for such a traffic and add to it the deep crater like pot holes have made driving/travelling on these roads a nightmare.. and the problem is not new.. it has been in existence for quite a few years and the patch up works done is not able to withstand.
