176	Sanitation	Desilting of Storm water Drains	Royal Residency Layout - BTM 4th stg, Royal Residence Layout, Hulimavu, Bengaluru, Karnataka 560076, India	Firstly, I pity that the Govt. does not think of any regular maintenance of storm water drains across the city. Neither they provide proper footpaths. the status of the same next to my house in the main road is in pathetic condition. with several complaints, the BBMP is not bothered to attend to the issue and solve it properly. I see the storm water drain is water logged now and is a HUGE health hazard. with the growing dengue cases in Bangalore, I fear for the same to live in this condition. Can concerned authorities take necessary action? I already have 2 open complaints on the same which is not addressed for over 6 months now and the place is becoming pathetic day by day. 186	Mobility - Roads, Public transport	Construction of new footpaths	Royal Residency Layout - BTM 4th stg, Royal Residence Layout, Hulimavu, Bengaluru, Karnataka 560076, India	I had earlier (almost 6 months and the complaint is still open) raised the issue of footpaths next to my house. Since, the footpaths are not been layed and maintained, it is become a good place for miscreants to use it as urinals place, throw garbage, throw debris and the entire road stretch is become pathetic. Can concerned take necessary action to clear the problem and make us feel happy to live in this area?	Bruhat Bengaluru Mahanagara Palike	RaviKumarBR

874	Mobility - Roads, Public transport	Tarring of pothole-ridden roads	456, Arekere, Arekere MICO Layout 2nd stage, Omkar Nagar, Arakere, Bengaluru, Karnataka 560076, India	The main link road from L&T South city to MS Ramiaha city is riddled with potholes and dangerous excavations. There is a school (Aradhana convent) and several residential layouts and apartment complexes. Being the main link road there is intense school bus traffic on the road and an accident is just waiting to happen. Already the road is quite narrow for such a traffic and add to it the deep crater like pot holes have made driving/travelling on these roads a nightmare.. and the problem is not new.. it has been in existence for quite a few years and the patch up works done is not able to withstand. Need proper scientific road laying work to be carried out on top priority.	Bruhat Bengaluru Mahanagara Palike	KN SRINIVAS
