

Dear Active Citizen,

Citizens like you made history last year when they chose to make their voice count in the preparation of the City Budget 2017-18 for Bengaluru! 40,000 Citizens actively participated in the MyCityMyBudget campaign last year and contributed 67,114 budget inputs to the different civic agencies.

Of the 67,114 inputs, 57,197 belonged to the BBMP. The I Change My City Team has analysed Bills paid, Job Codes raised and Tenders called in the last 6 months by the BBMP. We are delighted to share that **12,468 Citizen Budget Inputs to the tune of 515 crores are potentially in the pipeline for implementation! This is 22% of the total inputs provided.**

It is now that time of the year again when the City prepares budgets for the upcoming year – 2018-19. Continuing in the spirit of ensuring citizens and governments continually stay engaged and work together, the **BBMP in partnership with I Change My City has launched the MyCityMyBudget 2018** campaign on 11th Jan seeking your inputs for the **City Budget being planned for 2018-19.**

Make your voice count! In just two clicks!!
